CONTENTS OF VOLUME 54 1985

(*All rights reserved*)

WATERLOW J.C. Welcome to the XIIIth International Congress of Nutrition. 1

KARSENTY C., CHANUSSOT F., ULMER M. & DEBRY G. Influence of chronic ethanol intake on obesity, liver steatosis and hyperlipidaemia in the Zucker *fa/fa* rat. 5

KARSENTY C., ULMER M., CHANUSSOT F., RATANASAVANH R. & DEBRY G. Paradoxical effect of ethanol on liver lipogenesis in the genetically-obese Zucker rat. 15

LINDOP Rosemary, TASMAN-JONES Clifford, THOMSEN Lindy L. & LEE Sum P. Cellulose and pectin alter intestinal β-glucuronidase (*EC* 3.2.1.31) in the rat. 21

SAMBROOK Ian E. & RAINBIRD Anna L. The effect of guar gum and level and source of dietary fat on glucose tolerance in growing pigs. 27

TAKAMA Shigeyuki & KISHINO Yasuo Dietary effects of pancreatic lesions induced by excess arginine in rats. 37

LOWIS Susan, EASTWOOD M.A. & BRYDON W.G. The influence of creatinine, lecithin and choline feeding on aliphatic amine production and excretion in the rat. 43

LAUWERS A.-M., DAUMERI C. & HENQUIN J.C. Intestinal absorption of sorbitol and effects of its acute administration on glucose homeostasis in normal rats. 53

LEWIS Eric C., GLEW Robert H., CHAMBERS James, COYLE Patrick & COPPES John α-1-Antitrypsin metabolism in the protein-deficient weanling rat. 65

FAIRWEATHER-TAIT Susan J., SWINDELL Tina E. & WRIGHT A.J.A. Further studies in rats on the influence of previous iron intake on the estimation of bioavailability of Fe. 79

ALLOTTA E.C., SAMMAN S. & ROBERTS D.C.K. The importance of the non-protein components of the diet in the plasma cholesterol response of rabbits to casein. 87

GREER Fiona, BREWER Alan & PUSZTAI Arpad Effect of kidney bean (*Phaseolus vulgaris*) toxin on tissue weight and composition and some metabolic functions of rats. 95

ROWE J.B., DAVIES A. & BROOME A.W.J. Quantitative effects of defaunation on rumen fermentation and digestion in sheep. 105

PISULEWSKI P.M. & BUTTERY P.J. The effect of increasing methionine supply on the methionine conversion to cyst(e)ine in sheep. 121

MURAMATSU T., SALTER D.N. & COATES M.E. Protein turnover of breast-muscle in germ-free and conventional chicks. 131

SAKAGUCHI Ei & MATSUMOTO Tatsuro Effect of monensin on feed utilization and gastrointestinal fermentation in the hamster (*Mesocricetus auratus*). 147

HAYASHI Kunioki, TOMITA Yuichiro, MAEDA Yoshizane, SHINAGAWA Yoshiyuki, INOUE Kengo & HASHIZUME Tokuzo The rate of degradation of myofibrillar proteins of skeletal muscle in broiler and layer chickens estimated by N^{τ}-methylhistidine in excreta. 157

BARRY T.N., MANLEY T.R., REDEKOPP Carolyn & ALLSOP T.F. Endocrine regulation of metabolism in sheep given kale (*Brassica oleracea*) and ryegrass (*Lolium perenne*) – clover (*Trifolium repens*) fresh-forage diets. 165

SIDDONS R.C., NOLAN J.V., BEEVER D.E. & MACRAE J.C. Nitrogen digestion and metabolism in sheep consuming diets containing contrasting forms and levels of N. 175

ASPLUND J.M., ØRSKOV E.R., HOVELL F.D. DEB. & MACLEOD N.A. The effect of intragastric infusion of glucose, lipids or acetate on fasting nitrogen excretion and blood metabolism in sheep. 189

MACRAE J.C., SMITH J.S., DEWEY P.J.S., BREWER A.C., BROWN D.S. & WALKER A. The efficiency of utilization of metabolizable energy and apparent absorption of amino acids in sheep given spring- and autumn-harvested dried grass. 197

BARRY T.N. The role of condensed tannins in the nutritional value of *Lotus pedunculatus* for sheep. 3. Rates of body and wool growth. 211

SEDGMAN Cynthia A., ROY J.H.B., THOMAS Joanne, STOBO I.J.F. & GANDERTON P. Digestion, absorption and utilization of single-cell protein by the preruminant calf. The true digestibility of milk and bacterial protein and the apparent digestibility and utilization of their constituent amino acids. 219

TRUGO N.M.F., FORD J.E. & SANSOM B.F. Vitamin B_{12} absorption in the neonatal piglet. 1. Studies in vivo on the influence of the vitamin B_{12}-binding protein from sows' milk on the absorption of vitamin B_{12} and related compounds. 245

TRUGO N.M.F. & NEWPORT M.J. Vitamin B_{12} absorption in the neonatal piglet. 2. Resistance of the vitamin B_{12}-binding protein in sows' milk to proteolysis in vivo. 257

TRUGO N.M.F., FORD J.E. & SALTER D.N. Vitamin B_{12} absorption in the neonatal piglet. 3. Influence of vitamin B_{12}-binding protein from sows' milk on uptake of vitamin B_{12} by microvillus membrane vesicles prepared from the small intestine of the piglet. 269

FORSYTHE S.J. & PARKER D.S. Ammonia-nitrogen turnover in the rabbit caecum and exchange with plasma urea-N. 285

MCBRIDE B.W. & MILLIGAN L.P. Magnitude of ouabain-sensitive respiration in the liver of growing, lactating and starved sheep. 293

CRANWELL Peter D. The development of acid and pepsin (*EC* 3.4.23.1) secretory capacity in the pig; the effects of age and weaning. 1. Studies in anaesthetized pigs. 305

LETTERS TO THE EDITORS 321

WOODWARD David R. What sort of teenager has high intakes of energy and nutrients? 325

ROOKUS Maartje A., BUREMA Jan, DEURENBERG Paul & VAN DER WIEL-WETZELS Wilhelmina A.M. The impact of adjustment of a weight–height index (W/H^2) for frame size on the prediction of body fatness. 335

OYELEKE Oyus A., MORTON I.D. & BENDER A.E. The use of cowpeas (*Vigna unguiculata*) in improving a popular Nigerian weaning food. 343

KINDT Elisabeth, HOLM Halvor, HALVORSEN Sverre & LIE Sverre O. Net protein utilization determined by rat bioassay of a protein hydrolysate and a diet for children with phenylketonuria 349

WOODWARD Christopher J.H. & CARROLL Kenneth K. Digestibilities of casein and soya-bean protein in relation to their effects on serum cholesterol in rabbits. 355
